SUNLIGHT GLAD GARDENS
EAST ROCHESTER, NEW HAMPSHIRE

Another glad season has passed and it is time to cast up the ledger and learn whether or not it has been worth while. On the debit side we recall a whole lot of backaches, even more headaches—and a whole lot of fun. On the credit side we have managed to get enough to eat, which is no small accomplishment under existing conditions, we have had the pleasure of trying out many new varieties and, best of all, we have made a host of new friends. That fact alone makes the year a decided success.

In this catalog we are adding a number of new varieties. Now, when literally hundreds of new ones are being introduced each year, it is practically impossible for any grower to try them all. It is our policy to visit several good shows each season, select there the varieties we like best, learn something of their growing habits, and then buy stock of those we think will become popular. Like any other form of gambling, the odds are strongly against the player, but occasionally we pick a winner. We are listing several which we firmly believe are headed for popularity.

As in the past, we will give each order our personal attention, and endeavor to the best of our ability to PLEASE our customers. To merely satisfy them has never seemed to us to be quite enough.

BUSINESS TERMS

All retail orders will be delivered free anywhere in the United States. Safe arrival is guaranteed. The labor involved in packaging makes it impossible for us to accept an order for less than \$2.50. We would also prefer that each item totals at least 25c. We endeavor to send out clean, healthy bulbs which are true to name, and the purchase price will be cheerfully refunded upon the return of any which are found to be unsatisfactory, but we can give no warranty concerning the growth or flowering of the bulbs. So many factors of weather conditions and cultural practices make this imperative, but should any variety prove untrue to name we will replace it with new stock, together with its natural increase, upon receipt of the variety concerning which complaint was made. Orders are accepted only under these conditions and are subject to prior sales. Obvious errors and previously published prices are hereby cancelled.
